## REGEN SMOKEWATER

Regen 2000 Smokewater is a natural plant derived smoke extract, commonly known as liquid smoke, used as a bio-stimulant for improving yield by triggering plant response to naturally occurring active compounds proven to improve germination and enhance overall plant health and performance.

### PLANT HEALTH

## REGEN SMOKEWATER BENEFITS

- + Acts as a biological trigger for plant performance
- + Assists with increased length and fresh weight of roots, number of leaves, total leaf area and stem thickness.
- + Assist with enhancing plant protein, carbohydrate and chlorophyll content
- + Promotes plant tolerance to abiotic stress
- + Improves microbial activity in composting

Product Code: SBREGSMWA

Pack Size: 5kg, 10kg, 20kg, 220kg, 1000kg
